

Sandwell and West Birmingham Hospitals Trust

Equans provides non-clinical Hard FM services to the Sandwell and West Birmingham Hospitals Trust.

The Sandwell and West Birmingham NHS Trust tendered, for a multi-lot facilities management based framework, to identify a partner with whom they could enact significant property change across their hospital portfolio.

Equans gained positions on two on the resultant frameworks, and will deliver £10m of facilities services and projects to the Trust

Equans provide total facilities management including lifecycle to three hospitals including:-

- Maintenance
- Planned and reactive for retained and divested estates
- Projects and life-cycle planning.
- Helpdesk facility
- Grounds and gardens
- Pest control
